

Fee Agreement and Cancellation Policy

Every insurance plan has different acupuncture coverage including co-pays, deductibles, rates of service, preauthorization required and number of visits per year. Some plans also have exclusions for this service such as diagnosis, facility or provider of service restrictions. It is the patient's responsibility to know their coverage and benefits before receiving services. **Seattle Acupuncture and Coaching does not verify patient eligibility and benefits and we do not guarantee coverage or payment by your insurance provider.**

Even if you are insured, your insurance may deny or only partially accept claims for treatments received. You understand and agree that you are responsible for any portion of the full billed rate that is unpaid by your insurance provider.

Further, Seattle Acupuncture and Coaching has a 24-hour cancellation policy, meaning if you need to change or cancel an appointment you must do so before 24 hours prior to your scheduled appointment start time. **Failure to do this or failure to show up for a scheduled appointment will result in a missed appointment fee which is the price of the appointment.**

By signing this form I acknowledge that I have read the above statements and I agree to pay any charge not covered by my insurance plan, including, but not limited to, denials for non-covered services, experimental and investigational services, medical necessity determinations, benefit limits and excluded services. Also, I understand and agree to the 24-hour cancellation policy here at this office.
